# ABOUT US

At Steel Door Company, we design and craft steel doors that transform spaces.

Minimal yet striking, our doors are built for those who appreciate precision, quality, and innovation. Every design strikes the perfect balance of strength and elegance - effortlessly simple, yet bold in impact. Whether it's a bespoke residential project or a complex architectural vision, we deliver with precision.

Rooted in Staffordshire, we are committed to exceptional craftsmanship, seamless service, and setting new standards in steel door design. Trusted by architects, interior designers, and homeowners alike, our doors don't just perform - they make a statement.

Trusted by industry leaders and high-profile clients, we focus on delivering precision-crafted steel doors without the hard sell, just great design and service.

# MEET OUR TEAM

Behind every door is our team of specialists who ensure seamless execution from concept to installation.

- ✓ **FULLY CUSTOMISABLE**  
A range of colours, designs, glass, handles, and levers to choose from.
- ✓ **A SEAMLESS EXPERIENCE**  
From consultation to installation, we handle everything.

# YOUR JOURNEY WITH STEEL DOOR COMPANY

From first enquiry to final installation, whether you're renovating, extending, or building from scratch, we make the process seamless. No jargon. No guesswork. Just clear communication, expert advice, and exceptional service.

1

## INITIAL ENQUIRY & DESIGN CONSULTATION

Speak to Bart, Jack or Natalia - straightforward advice from the start. When you're ready, we'll provide a same-day quote and guide you through every detail.

2

## SITE SURVEY

Henri, our in-house specialist will visit your property to take precise measurements and ensure everything runs smoothly.

3

## MADE TO ORDER

Every door is built bespoke to your specifications. Jess oversees each order, ensuring all measurements and details are exact before production begins. Precision-led from the start. Nothing off the shelf.

4

## DELIVERY & INSTALLATION

Oli and Tyler, our in-house fitters handle every installation, nationwide. No third parties. No delays. Always a flawless finish.

6

## AFTERCARE

Jess is your point of contact post-installation. You'll receive a 24-month warranty as standard, with ongoing support if you need us. We don't disappear after the job is done.

# THE UK'S SLIMMEST STEEL DOOR FRAME

- MORE GLASS, LESS FRAME
- CLEAN, UNINTERRUPTED SIGHTLINES
- A STRONGER, SLEEKER ALTERNATIVE TO ALUMINIUM

**Slim20 is the most refined steel profile on the market.** The result? A lighter, more architectural finish that transforms how light and space interact.

# STEEL VS ALUMINIUM

WHICH IS RIGHT FOR YOUR SPACE? WHY STEEL STANDS APART.

Steel vs Aluminium		
Frame Profile	<b>Slimmest on the market</b> – More glass, less frame.	Thicker frames needed for strength, more glass area.
Strength & Durability	<b>Exceptionally strong</b> – Resists warping, bending, and dents.	Weaker metal – more prone to dents and long-term wear.
Lifespan	Built to <b>last a lifetime</b> with minimal maintenance.	Can degrade over time, requiring more frequent replacements.
Thermal Efficiency	<b>Superior insulation</b> – reduces heat loss and enhances energy efficiency.	Conducts more heat, often requiring additional thermal breaks.
Aesthetic Appeal	Premium finish that <b>transforms how light and space interact.</b>	Bulkier frames give a less refined appearance.
Customisation	<b>Fully bespoke</b> – extensive colour, glass, and handle options.	Limited customisation compared to steel.
Sustainability	Long lifespan reduces waste; <b>100% recyclable.</b>	Also recyclable, but shorter lifespan means more replacements.

# OUR DOORS

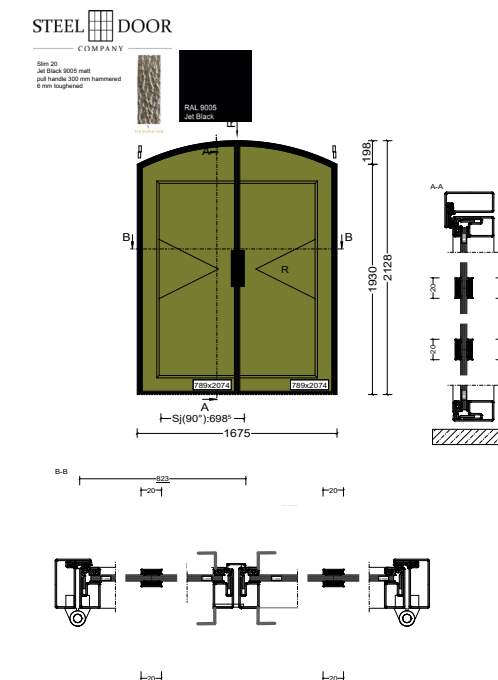

We offer a wide range of precision made steel doors, all tailored to your exact specifications.

From single doors to full partitions, with finishes and fittings chosen by you.

The next pages will guide you through our full collection.

**2**

CERTIFIED PROTECTION. SAME DESIGN INTEGRITY.

- Fire-rated to meet UK regulations
- Thicker profile for compliance
- Available as single, double or with fixed panels
- Made to measure
- Residential and commercial use

SAFETY, BUILT IN.

*Due to the specification and certification process, fire-rated doors are priced accordingly.*

# DESIGN YOUR DOOR

Start with the door style that fits your space - then make it yours.

Choose your bar layout, handles, colour, and glass. Every detail is customisable.

Clean sightlines and considered proportions come as standard. We'll work with you to refine the design, whether you choose from our most popular layouts and fixtures or bring a vision of your own.

BESPOKE UNDER-STAIR INSTALLATION

# BAR LAYOUTS

The layouts shown here are examples - every detail can be adjusted.  
Bar placement, proportions, and overall structure are all made to order.  
We'll help you get the balance right.

# CUSTOMER TESTIMONIALS

## WHAT OUR CUSTOMERS SAY

“Steel Door has been excellent from initial contact to installation to after care. I would like to thanks Bart for the introduction and quotation, Sam & Jess to come out to do the measurements, and Ollie & Tyler for installation. Brilliant team work. Thanks for the beautiful door”

— *Jay Jindal*

“Absolutely brilliant service ! From initial design consultation with Bart, to survey, Jess - finding us a sooner date for installation and finally - installation with Ollie. Very professional, friendly, efficient. Couldn't recommend them enough. Seen them first on instagram (give your marketing team a bonus)”

— *Polina Sharma*

★ Trustpilot ★★★★★ Rated ‘**Excellent**’ by our customers

“5 star service from start to finish. Could not fault the service of this company at all and my doors are absolutely amazing, I love them! Massive thank you to Jess and Bart for all their help, and to Ollie and Tyler who installed them for me. All are a credit to the company, professional and extremely helpful! Thank you again!”

— *Kirsty Rogers*

“An accidental find through google search, seriously the best customer service at every level. took time to talk about the final outcome... measurement process was personal not pushy really thinking through what would look best in the space ... plus what type of finish would be best in terms of what suited our space. Installation was quick clean and again finishing was brilliant. Would highly recommend them went to see products from other competitors however they quality and feel of steel door company was definitely superior to others. Thank you Jess, Sam, Jack and the brilliant fitters, Oli, Tyler, Henri. Looking forward to getting the next lot of doors fitted”

— *Rav Gill*
